Credits and grades at the University of Skövde

Credits

- In accordance with the European Credit Transfer System, ECTS, one academic year of full-time studies equals 60 higher education credits.
- A semester is 20 weeks and comprises 30 ECTS credits (for full-time students).
- One week (full-time) comprises 1.5 ECTS credits and requires approximately 40 hours of work, including individual studies.

Grades

Grading criteria

- All grades (including when the ECTS grading scale is used) are criterion-referenced. Grades are based upon the objectives stated in the course syllabus.
- Students are not ranked.
- Grades generally reflect the entire performance in the course, not only the final examination.
- Students who fail in an examination are entitled to take a new examination covering the same material.
- Students who pass an examination cannot take a new examination in order to achieve a higher grade.

Grading scales

Normally at the University of Skövde, one of the following two grading scales is used:

- Pass with distinction (VG), Pass (G) or Fail (U).
- Pass (G) or Fail (U).

For courses within scientific and technical fields of education, the following scale may be used:

- 5, 4, 3 or Fail (U).

Beginning with the fall 2008, certain courses (normally courses in English, some courses in other foreign languages and courses in Swedish for foreign students) also have their grades translated to the ECTS grading scale:

- A, B, C, D, E, Fx or F.

Please see reverse side for an overview of grades.

Course levels and course codes

- Courses are given at first (G), second (A) or third level (F).
- Within the first level courses are given at Course level A, B or C with a progression from A to C. A-level courses are required for admission to B-level courses and B-level courses are required for admission to C-level courses. Course level is always printed on the course syllabus and often shown as a suffix to the course name.
- Admission requirement for the second level is a Bachelor of Science degree (180 higher education credits) or the equivalent. Admission requirement for the third level is a Master of Science degree (at least 240 higher education credits) or the equivalent.
- Beginning with the fall semester 2007, the last letter in the course code shows if the course is given at first (G=Grundnivå), second (A=Avancerad nivå) or third level (F=Forsknivå)

Examples:

Course code	Course name	Description
DV123G	Web Development - Web Page Design A	Course at first level, Course level A
JU304G	Labour Law IV B	Course at first level, Course level B
BM718A	Endocrinology, Advanced level	Course at second level

Overview of grades

Two-graded letter scale	Three-graded letter scale	Number scale	ECTS grading scale	General description of ECTS grading expressions
G (Godkänd) – Pass	VG (Väl godkänd) – Pass with distinction	5	A	EXCELLENT – Outstanding performance with only minor errors. High level of competence. Good analytic abilities. Can use the knowledge independently.
			B	VERY GOOD – Above average standard but with some errors. Good overview of field of knowledge. Can use the knowledge independently.
	G (Godkänd) – Pass	4	C	GOOD – Generally sound work with a number of errors. Can account for the most important areas within the subject. Can to a great extent use the knowledge independently.
			D	SATISFACTORY – Fair but with significant shortcomings. Can account for the most important areas within the subject. Can to some extent use the knowledge independently.
			E	SUFFICIENT – Performance meets the minimum requirements but not more. Overview of the most important areas within the subject has shortcomings. Can hardly make use of the knowledge independently.
U (Underkänd) – Fail	U (Underkänd) – Fail	U (Underkänd) – Fail	Fx	FAIL – More work is required before the credit can be awarded.
			F	FAIL – Considerable further work is required. Lacking in both detailed knowledge and overall view.

Note that only passed courses will show on Grade transcripts, Course certificates and Diplomas. Failing grades will not be printed.
